Dear authors,

we have the following recommendation about your submission
to ICoSTEC2023 entitled

"Inception-V3 Versus VGG-16: in Rice Classification Using Multilayer Perceptron"

To improve your paper's quality to fit the article requirement at the ICoSTEC conferences, the author(s) should revise the paper in the following :

1. Chapter 1 should be improved and show the state of the art of this manuscript in rice classification.
2. MLP is a common approach in neural networks. Please explain what is significance MLP model in dealing with the problem in Inception-V3 and VGG-16 architecture.
3. Add more references by adding several most updated papers to the reference paper from journal and conference papers. References must be in English. Please translate all Indonesian references' titles into English.

Please re-submit the revised version as soon as possible.

Best regards,
ICoSTEC 2023 Scientific Committee
